**Email received on 8/27/2022:**

Our local branch in Hot Springs, AR, Airport Road, is scheduled for closure next week, along with the independent atm. We will now have a twenty mile round trip into Hot Springs to get banking and atm service. I am now looking at which one of the other banks located in this area will be the best for us, and then open an account there. At our age, well over 80, we shouldn't have to make long trips to take care of banking business. Your folks have been wonderful and helpful and we will miss them. Losing them all for the almighty dollar.

I am making arrangements to quit, cancel my account. Been with them for several name changes. In Hot Springs they have closed all their branch bank and only use the main bank downtown. Only 1 ATM MACHINE works half the time. I needed more than the ATM would allow and I was 10 in line in the street. I decided to go into the bank and draw out a \$1000 dollars but a young standing at the door said we're closed. I am 25 miles from home and said loudly I've been looking for the right reason to quit this damn bank and now come hell or high water I am doing it!!!!

We have banked at US Bank for longer than I can remember. Currently, our home bank is 17200 Chenal Parkway, Little Rock, AR. In February, they permanently closed their drive-thru services. This is very inconvenient. Makes no sense that they would close their drive-thru. Is this a decision made by headquarters or by the branch manager? Because of some other issues we had during COVID and trying to use US Bank for the Payment Protection Program Forgiveness Loan but ended up using a different bank because US Bank basically blew us off, we were going to move all our accounts to another bank. The only reason we haven't YET is because we are still working on getting our merchant accounts figured out at another bank. US Bank is not the same bank it used to be. By closing down the drive-thru service, US Bank is saying they don't care about customer service.

We understand that closing a branch drive-thru is a disruption, but we are dedicated to helping our customers and employees during this transition. Customers' banking preferences and behaviors are changing, influencing how and where we operate. Customers can manage their accounts any time through online banking at [usbank.com](https://www.usbank.com), the U.S. Bank mobile banking app, our Customer Service at 800.872.2657, and at the ATM. Thank you for taking the time to share your experience with us. All the best.
